

ANSH PRATAP SINGH

Software Developer | Web Developer

Lucknow, UP, India | [+91 7007 979 400](tel:+917007979400) | anshpratapsingh333@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL PROFILE

MCA (Data Science and AI) student with hands-on experience building responsive websites, maintaining digital assets, deploying business pages, and supporting technology-driven operations. Comfortable with HTML, CSS, JavaScript, Java, SQL, MySQL, Git, GitHub, and practical SEO basics. Looking for an entry-level Software Developer or Web Developer role where clean implementation, quick learning, and ownership matter.

TECHNICAL SKILLS

Programming: Java, JavaScript, SQL

Frontend: HTML5, CSS3, Responsive Design, Accessibility Basics

Backend & Database: Node.js (Basic), MySQL

Tools & Workflow: Git, GitHub, Web Deployment, SEO Basics, Canva, MS Office

Strengths: Problem Solving, Technical Adaptability, Team Collaboration, Project Ownership

WORK EXPERIENCE

Technical & Digital Operations Executive | Vansh Group, Barabanki | Apr 2026 - Present

- Designed and developed business websites for companies within Vansh Group, focusing on responsive layouts and clear brand presentation.
- Maintained website updates, content publishing, digital assets, and deployment-ready files for live business use.
- Supported recruitment and promotional campaigns across digital platforms with creatives, publishing coordination, and content updates.
- Coordinated video/content workflows from capture to publishing across social and business channels.

Billing & Data Entry Assistant | Chandan Hospital, Lucknow | Temporary | Feb 2026

- Managed billing records and invoice entries using hospital software systems with attention to accuracy.
- Maintained digital records and administrative documentation to support day-to-day operations.

PROJECTS

Personal Portfolio Website | HTML, CSS, JavaScript

- Built a responsive portfolio to present projects, experience, contact details, and downloadable CV assets.
- Implemented mobile-friendly layout, navigation behavior, accessible form validation, favicon assets, and SEO metadata.

MLL Agro Industries Corporate Website | HTML5, CSS3, JavaScript, Git, SEO

Links: mllagroindustries.com | [Repository](#)

- Designed, developed, and deployed a corporate website for MLL Agro Industries under Vansh Group.
- Improved metadata, sitemap structure, search-engine readiness, favicon support, and product/infrastructure pages.
- Managed GitHub repository structure and deployment workflow for ongoing website updates.

AI Tools Hub | In Progress | HTML, CSS, JavaScript, Node.js

- Developing a platform to organize AI tools and resources into a searchable discovery experience.

Canteen Management System | Academic Project | Java, SQL, MySQL

- Created a system concept to digitize canteen ordering, menu management, and daily workflow handling.
